

**Dear St. Marks Congregation,**

**Thank you for the beautiful peace lily you sent to my husband. Thank you also for the warm welcome he had into your congregation. I am devastated right now, but support makes it easier to bear. Keep me in your prayers.**

**Dear Friends at St. Marks,**

**Thanks for the beautiful flowers sent to me during my recovery from a recent hospitalization. Flowers have a way of cheering up, not only the recipient, but a neglected house as well.**

**Much gratitude,**

**To my St. Marks family,**

**I have enjoyed the floral arrangement you sent me very much. I want to thank you for your kindness to me during my recovery. The phone calls and prayers for me are deeply appreciated. I miss church when I am not there!**
